# 2003 Fake ID Summit

*Sponsored by the Virginia Department  
of Alcoholic Beverage Control*

## Fake IDs are Serious Business in Virginia

Recognizing and detecting fraudulent identifications is a challenge for On- and Off-premise licensees in Virginia and across the nation. With the constantly changing technology, fraudulent or fake IDs are becoming more sophisticated. Experts say that the IDs you see today will probably be outdated within six months.

### Who should attend this training?

Whether you are an ABC licensee, law enforcement officer or just a concerned citizen, there are several good reasons why detecting fake IDs is serious business and why you should attend this training.

First, selling alcohol to anyone under 21 is against the law in Virginia. Sellers or servers could lose their job and licensees could lose their privilege to sell alcohol. Second, underage drinking is dangerous. Youth already face the greatest risk in traffic crashes, the number one killer of minors. Third, selling alcohol to those under 21 years of age could result in a lawsuit. A licensee's liability begins the moment someone under 21 obtains an alcoholic drink.

## Featured Sessions

This one-day session is your chance to learn the current trends and the consequences of using fake IDs. Experts on fake IDs as well as experts in the area of law will be on hand to discuss issues and answer questions.

### ABCs of Fake IDs

10 a.m. – Noon

This session will be facilitated by David Vinson, a Special Agent from the Virginia ABC Alexandria Regional Office, and Steve Rau, a Police Officer from the Falls Church Police Department. They will review acceptable and unacceptable forms of ID, how fake IDs are ordered or made, and techniques to detect false IDs from valid identification. They will review how a licensee should confront someone with a fraudulent ID and when to call law enforcement and/or ABC for assistance.

### Fake ID Panel Discussion

Participants will want to stay for this afternoon panel discussion. It will give you the opportunity to ask questions on issues surrounding fake IDs. David Vinson and Steve Rau will be joined
